

Michael Onyechi

Software Developer

United States, 33 years old

* * *

Software Developer with 3+ years of experience, specializing in JavaScript, ASP.NET, C#, and Python. Proven track record in developing dynamic web solutions and optimizing web app performance for enhanced user experience. Adept at analyzing user requirements to deliver precise, tailored technical solutions, aiming to leverage these skills in a new software development role.

EMPLOYMENT HISTORY

Freelance Developer

Self Employed, Orlando, FL — Jun 2020 – Present

- Crafted and optimized web content, enhancing user experience.
- Directed content production, ensuring quality and consistency.
- Analyzed user requirements to tailor technical solutions.
- Developed dynamic web solutions tailoring to unique user needs, enhancing site adaptability.
- Optimized web app performance, achieving smoother user interactions and faster load times.
- Identified and resolved software bugs, ensuring compatibility with various hardware upgrades.
- Crafted detailed web content and code, focusing on precision and user engagement.

Data-Entry Specialist

Express Employment, Orlando, FL — Jan 2015 – Nov 2018

- Compile, sort and verify the accuracy of data before it is entered.
- Compare data with source documents, or re-enter data in verification format to detect errors.
- Store completed documents in appropriate locations.
- Locate and correct data entry errors, or report them to supervisors.

Technical Operations Specialist

U.S. Army, Orlando, FL — Oct 2011 – Oct 2014

- **Operational Management:** Led a team in the operation and maintenance of advanced communication and fire direction systems, ensuring mission-critical accuracy and efficiency.
- **Data Analysis and Transmission:** Collected, analyzed, and transmitted essential operational data, improving decision-making processes and mission outcomes.
- **Technical Support:** Provided technical support for complex military equipment, including troubleshooting, maintenance, and repair, ensuring operational readiness.
- **Team Leadership:** Trained and supervised team members in the use of sophisticated systems, fostering a collaborative and efficient work environment.
- **Communication Systems Management:** Managed and operated digital communication devices, radio wire communications, and secure voice equipment, ensuring seamless communication under high-pressure conditions.

EDUCATION

Full-Stack Web Development Cert

DevCodeCamp, Milwaukee, WI — Jun 2020

- Intensive bootcamp focused on full-stack web development, covering both front-end and back-end technologies.
- Gained proficiency in Python, Django, JavaScript, React, C#, ASP.NET MVC, HTML, CSS, and SQL.
- Developed multiple projects, including e-commerce platforms, social media applications, and project management tools, showcasing strong problem-solving and coding skills.
- Collaborated with peers on team projects, simulating real-world software development environments and enhancing teamwork and communication skills.
- Emphasized best practices in software development, including version control with Git, code reviews, and agile methodologies.

Completed coursework towards A.A. Computer Science

Seminole State College of Florida, Oviedo, FL — Jan 2016 – Mar 2018

- Completed foundational courses in computer science, including programming, data structures, algorithms, and database management.
- Gained practical experience with various programming languages and tools, laying a strong foundation for advanced studies and professional development.
- Participated in group projects and coding assignments, enhancing problem-solving skills and the ability to work collaboratively in a team environment.
- Engaged in extracurricular activities and attended workshops to further develop technical skills and stay updated with industry trends.

High School Diploma

University High School, Orlando, FL — Oct 2005 – Jun 2009

- Completed a comprehensive curriculum with a focus on math and science courses, laying the groundwork for further studies in computer science and technology.
- Active participant in extracurricular activities, including:
 - **Football Team:** Developed teamwork, leadership, and strategic thinking skills through regular practice and competitive play.
 - **Track Team:** Demonstrated commitment, discipline, and the ability to set and achieve personal and team goals.
